

# THE APACHE RAILWAY COMPANY

## FUEL SURCHARGE TARIFF APA 3/2026

**ISSUED: March 26, 2026**

**EFFECTIVE: April 1, 2026**

### ISSUED BY

**Rick Turley, Superintendent  
Apache Railway Company  
P. O. Box 857  
Snowflake, Arizona 85937**

For explanation of terms, abbreviations and reference marks, see last page of tariff.

**RULES AND OTHER GOVERNING PROVISIONS  
RULES AND REGULATIONS – GENERAL**

**FUEL SURCHARGE APPLICATION**

In addition to the local line-haul transportation charge or charges published in FT APA 8000-series or other specific APA rate tariffs, publications quotations or contracts, a variable fuel surcharge will be assessed on all traffic on the APA unless otherwise specified in the rate document. Applicable fuel surcharges will be mileage based as indicated herein.

Fuel surcharges are to be paid by the freight payer shown on the Bill of Lading and will be shown as a separate line item on the invoice and will be collected by and accrue solely to the APA.

**CARLOAD FUEL SURCHARGE AMOUNT CALCULATION**

Mileage and Percentage Base Fuel surcharges are calculated and shall be adjusted no less than annually, at APA's option, utilizing the following methodology. The total fuel surcharge for a given freight move will be rounded up to the nearest whole dollar.

**(I) MILEAGE BASED:**

(a) **BASE FUEL PRICE** – The per gallon cost of fuel shall be the Retail On-Highway Diesel Fuel (HDF), as defined below. The month of September 2021 is the baseline from which APA will evaluate fuel price increases.

(b) **HDF PRICE** – The monthly average price of Retail On-Highway Diesel Fuel (HDF) reported for Weekly West Coast (Excluding Calif.) No. 2 Diesel as of the beginning of the each month as reported by the U.S. Department of Energy at the following website:

[https://www.eia.gov/dnav/pet/pet\\_pri\\_gnd\\_dcus\\_nus\\_m.htm](https://www.eia.gov/dnav/pet/pet_pri_gnd_dcus_nus_m.htm).

(c) The attached chart shows the base HDF PRICE, the “current” HDF PRICE as of the beginning of the adjustment month, that being the calendar month prior to the effective date of the fuel surcharge, (Sep. 2025), and the per mile fuel surcharge factor as calculated by APA based on its current fuel efficiency., as of the effective date hereof. The chart will be amended from time to time, but no less than annually, when any future adjustments are made to reflect the adjusted fuel surcharge factor and the effective date of the adjustment.

(d) **SERVICE MILES** – The number of miles of tracks over which APA operates, currently 36 miles.

(e) **FUEL SURCHARGE** - The Fuel Surcharge applied hereunder shall be the fuel surcharge factor multiplied by 36 Service Miles.

**(II) FUEL SURCHARGE APPLICATION TIMING**

The calculated fuel surcharge factor is applicable one month following the month of the published HDF pricing (e.g., Sept 1 HDF prices are used to determine the applicable fuel surcharge factor for the surcharge year beginning August), and similarly for any future adjustment thereto made by APA.

The per mile fuel surcharge amount will be updated no less than annually

**(III) Charges published herein are subject to increase by republication.**

**SOURCE OF RETAIL ON-HIGHWAY DIESEL FUEL PRICES:** In the event the U.S. Department of Energy ceases to publish Retail On-Highway Diesel Fuel Prices or materially alters the methodology by which those prices are derived, a similar source will be substituted that closely matches the structure and formulation of HDF pricing. A change to or re-issue of this publication will be disseminated in such a substitution of source. **REFERENCE TO TARIFFS, ITEMS, NOTES, and RULES, ETC. ITEM:** Where reference is made in this publication to tariffs, items, notes, rules, etc., such references are continuous and include supplements to and successive issues of such tariffs and reissues of such items, notes, etc.

**SEVERABILITY:** If any provision of this publication is held invalid by a court or governmental entity of competent jurisdiction, such provision shall be severed from this publication and to the extent possible, this publication shall continue with regard to the remaining provisions.

Fuel Surcharge Tariff APA 3/2026

FUEL SURCHARGES

APPLICATION

2025  
FUEL SURCHARGE FACTOR

Base HDF Price (September 6, 2021)	Current HDF Price (Mar. 26, 2026)	Change in HDF	Per Mile Fuel Surcharge Factor	
\$3.664	\$5.088	\$1.42	\$1.19
